

# Lincoln Academy of Integrated Arts Application 2009-2010

- Lincoln Academy of Integrated Arts is a magnet school for residents of Davenport Community School District. Your child must be 5 years old on or before September 15, 2009, to be eligible for Kindergarten Enrollment in the 2009-2010 school year. Selection is by random lottery for each grade level once a grade level reaches maximum capacity according to the Lincoln Charter on any given enrollment day; e.g., if there was one grade level space available and three students signed up the same day in that specific grade, a random selection would be made for one student out of the three having applied that day. Capacities for grade levels are as follows:
  - a. **Kindergarten & First Grade** 66 for three sections each grade
  - b. **Second Grade** 69 for three sections
  - c. **Third Grade** 72 for three sections
  - d. **Fourth & Fifth Grade** 84 for three sections each
  
- Once entered, no reapplication is necessary
  
- Incomplete or inaccurate information may delay your child's entry.
- **YOU** are responsible for notifying us of address/phone or grade level changes. You will be notified by phone if **accepted**. No other communication will be done.
- Proof of residency must be shown at registration; if acceptable proof cannot be provided, enrollment will be denied.
- If your child is accepted you will have a limited time to accept or decline.
