It's Solo Festival season!!
February 21, 2015
North High School

Your child will be receiving a solo for their instrument from their band or orchestra teacher before Winter Break.

Many soloists need an accompanist (piano player).
If you have one lined up, great. If not, your teacher will supply you with accompanist names. We need to know your accompanist's name before Winter Break so the scheduling of the 1,300 kids can begin. The Music coordinator schedules according to accompanists.
If you have a special request (ie. need an afternoon time slot, have a sibling in orchestra/band, accompanist needs morning time slot, etc.). Please let us know that information as well. A request now can save a panic situation on February 21. Check your schedules and see if there are ball games or other events that we can schedule around.

The music stores in town carry all of your music and accompanists parts. Please order your child’s solo music before winter break so you can practice over the holiday. Winter break is when the bulk of your solo will get learned and practiced. Once the new year starts, your lives get very busy.

Here are the stores in town that carry your child’s solo music.
Griggs Music  391-9000
West Music  309-764-9300
Northwest Music Shop:  322-2746

Your child will spend many hours preparing a 2-3 minute piece of music, the learning curve is great. This is when the most progress happens on a student’s instrument...solo festival season. As a parent, please set aside a regular 15-20 minute routine practice time for your child to practice their solo, Uninterrupted!! The results will never disappoint you.

Music is great when you participate!

Mrs. Ciccotelli, Mr. Reiter, and Mr. Skoglund.
