**To all parents/guardians of students who will be in 9<sup>th</sup> grade next year:**

Legislation was passed by the State of Iowa, effective July 1, 2008, requiring children entering 9<sup>th</sup> grade to have a dental screening. This is a state law and its purpose is to improve the dental health of Iowa's children.

To comply with this new requirement, your student must provide proof of a dental screening to the high school nurse's office by registration.

If your child has been to the dentist recently, please contact the dentist's office and ask them to FAX the results to the High School your child will be attending. If not, please schedule an appointment as soon as possible. Thank you for your cooperation.
