Dear Parents and Guardians ~

Hello, my name is Rachelle Hodson and I am the School Nurse at Walcott School. If you should have any questions or concerns regarding the health of your child, please feel free to contact me at 563-284-6253. Below you will find some helpful information regarding the Health Office:

Please notify the Health Office:

- If your child has a change in health status, a communicable disease, needs to take medication at school, or has developed a chronic illness that is diagnosed.
- If your child will be absent; please give 2 physical symptoms or physician's diagnosis.

Fever: If your child's temperature is 100 or above, you will be called and the child will need to go home. Children are to stay home until they have not had a fever for 24 hours before returning to school.

Vomiting and/or diarrhea: You will be called and asked to pick up your child.

Medications: All prescriptions and nonprescription medications must have a Davenport Community School District Medication Administration form. This form may be obtained from the Health Office.

Health Screenings: Hearing screens are done by the AEA for grades K, 1st, 2nd, & 5th grades. Vision screenings are done for grades K, 3rd, and 5th grades. A note will be sent home with your student if they are referred for further testing.

Head Screens: Parents/guardians are responsible for checking their child's hair weekly. If lice/nits are found, please treat and notify the nurse. Any information obtained is confidential and please let me know if I can be of assistance.

I hope everyone has a wonderful school year and please feel free to contact me if you have any questions or I can be of any assistance to you.

Sincerely,

Rachelle Hodson, RN, BS
Walcott School Nurse
