

Attention All Families with Students Entering 7th Grade!

Did You Know:

State of Iowa law **REQUIRES** that all students entering 7th grade receive a one-time booster dose of the Tdap (tetanus, diphtheria, and pertussis) vaccine prior to the start of the 2015-16 school year. Students who do not have the vaccine, or proof of exemption, will **NOT** be allowed to attend school in the fall.

Schedule an appointment with your child's health care provider now!

Students unable to receive this immunization for medical or religious reasons must provide an Iowa Certificate of Immunization Exemption form, found on the district website under the "Health" section.

Questions can be directed to your child's school nurse.
