RE: Request for Letters of Interest

To Whom It May Concern:

The Davenport Community School District has an interest in exploring outsourcing options for all services provided by the district. The purpose for entering into an outsourcing contract would be to save operating funds. In order to be acceptable, an outsourcing agreement would have to assure a continued or improved quality of services and support, as well as to provide job security to current employees during a phase-in period.

Letters of interest should be specific in regard to the support or services provided, and should include a brief history of contracts with similar organizations or school districts. It would be helpful if the letters of interest included an explanation of the general approach which would be used to convert to outsourced support and services. Letters of interest should be provided to Dr. Arthur Tate, Superintendent, Davenport Community Schools, 1702 N. Main St., Davenport, IA 52803. Submit letters of interest no later than September 10, 2018. Based on the response to this request for letters of interest, a request for proposals may be issued during September. Please address questions about the letters of interest to Brenda Thie, 563-336-7407, thiebren@davenportschools.org.

Sincerely,

Dr. Arthur Tate
Superintendent
