

Employee Benefits Insurance & Wellness Information Newsletter

Do you have children who are 19 or older on your insurance? Did you know that your dependent children who are age 19 and older must maintain full-time student status at a college or university in order to be eligible for the **Dental and Vision coverage**? Verification of that full-time status must be provided each semester in order to be eligible for services. If you haven't had correspondence with Employee Benefits about this, please contact Wendy.

Do you have your **Life Insurance** beneficiaries up to date? If not, simply email one of your Reps and they will email you a form to complete.

Make sure you have your Medical, Dental and Prescription **Insurance Cards** when making appointments or having a prescription filled. Ordering new cards does take time but can be done by contacting one of your Reps rather than the insurance company. The Vision insurance does not have cards.
