Text, Course Pack, and Additional Materials:
- *Health, Safety, and Nutrition for the Young Child* 6th Ed. Marotz, Cross, Rush. (Provided for students’ in class use only)
- *Guiding Children’s Social Development Theory to Practice* 5th Ed. Kostelnik, Whiren, Soderman, Gregory. (Provided for students’ in class use only).
- *Working with Young Children* Herr. (Provided for students)
- Lab book (Remains in the classroom, gives specific directions for center activities)

Required of Students before entering OCC:
- Pass Child Development Class
- Pass Criminal History Report

Required Supplies:
- 2 inch 3 ring binder with dividers
- Loose leaf paper
- Pens/pencils
- Large shirt for painting and activities
- Four pack dry erase markers
- Box of Kleenex

Course Description:

Students will learn career/job skills for the career of teaching, teacher assistant, or other early childhood professionals. Students plan, prepare, and implement learning activities for classrooms at Children’s Village West. Students will have opportunities in the classrooms to work with infants, two year olds, preschoolers and special needs children.

Credit: Students who successfully complete this program receives 2 high school credits and 6 credit hours from Scott Community College that can be transferred.
Course Goals:
- Participate in the operation of a facility for children using the facilities’ professional standards.
- Implement developmentally appropriate learning activities for children.
- Demonstrate professional skills/traits.
- Assess children’s behavior and apply professional routines/rules for a safe, sanitary, and healthy environment.
- Plan, implement, and evaluate developmentally, appropriate activities up to age five.
- Create a non-sexist, multicultural, emotionally safe environment for all children including special needs.
- Plan and prepare nutritious snacks, which allow children to develop self-help skills.
- Exhibit positive communication in guidance and classroom management helping preschoolers build self-esteem/confidence.
- Communicate with families in a professional manner.
- Participate and evaluate working with children in a variety of settings.
- Work cooperatively with all aspects of the job.
- Investigate career options.

Attendance/Tardy Students:

Attendance:
- Preschool classroom time will need to be made up in the after school pep program or in an after school CVW event.
- Daily class work from the college textbook will need to be made up before or after school.
- Classroom experiences and hands on activities are hard to make-up/duplicate. Attendance is vital for a student’s success.
- If you are absent, it is your responsibility to obtain class notes from another student and assignments from the instructor before or after school but not during regular class time.

Grading (Evaluation): See Class Schedule for Dates

(1) Components:
- Daily Assignments: Chapter Reading, Chapter Notes, Chapter Activities, Chapter Questions, Case-Studies, Class Discussions, Role Plays, DVD/Video Notes, Study Guides, Learning Packets
- Evaluation of Daily Participation in Preschool Room
- Lesson Plans: Writing, Teaching, Self-Evaluation of Learning Activity in Preschool Room
- Group Projects
- Exams: Test over every chapter, Exams consist of short answer, true/false, multiple choice
- Final Exam 10%:

(2) Grading Scale:
- Grade determined by Percentage of Total Points
- Grade Scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>100 -- 93</td>
</tr>
<tr>
<td>A-</td>
<td>92-90</td>

</tr>
<tr>
<td>D-</td>
<td>62 – 60%</td>
</tr>
<tr>
<td>F</td>
<td>Below 60%</td>
</tr>
</tbody>
</table>

(3) Enrichment/Extra Credit: There will be announced opportunities for extra credit. These generally occur in association with PTO meetings or after school functions sponsored by CVW. Students will sign up with instructor.

Make-Up Policy:

- Excused Absences (per school policy) will be allowed to make up work. For every one day missed, two days are allowed for makeup work. Absences determined by Attendance Office.
• Any unexcused/truancy absence will result in a zero grade for any assignment, quiz, or test missed.
• Late work will only be taken under special circumstances.

Instructor Expectations:

- Respect for fellow class members (and their individuality), the instructor and yourself. Translation, I will treat you with respect, and I expect the same. Class will be conducted in a manner that reflects professional school decorum, such as: punctual attendance, prior preparation, and the procedure of turning off cell phones/pagers and other similar devices.

- Unethical Behavior: In education, integrity is essential. Academic dishonesty (cheating) will not be tolerated and may result in course failure (see student handbook).

- Teacher’s role: to help you be successful in this class, but your success in this class will hinge largely on self-discipline and the quality & quantity of effort you apply.

- Student Handbook & Student Conduct. The handbook clearly defines the district’s expectation of student behavior, consequences, and due process. Although my expectations are stated above, the district’s rules will come to bear when they are applicable and must, therefore, be considered a part of this syllabus.

Grade Status:

Students can check their ongoing grades on Infinite Campus. The instructor will print a hard copy of her grade book on a bi-monthly cycle to be posted in the classroom for consultation with students. The mid-term grade and your final grade (for Scott Community College) can only be accessed on-line (see “e-bridge” below).

To Be Successful In This Class:

- Attendance: Daily participation in preschool classroom and daily work from the college textbooks cannot be duplicated in makeup work. These are “hands on” experiences that are necessary to participate in to achieve the classroom goals. Therefore, attendance is required in order to be successful in OCC.

- Lesson Plans: Students are an intricate part of the preschool classroom by planning, implementing and evaluating their lesson plans for their classroom students.

- Learning Activities: Participating in learning activities enriches, clarifies, and enhances the students’ knowledge of subject matter for use in teaching the preschool students and in comprehension of their college material.

- Instructional Procedures & Support: Students will need to be actively involved in the following: instructional procedures including observation in classrooms, working in the classrooms, silent reading, lecture, guided practice, independent teaching in a selected classroom, group planning and implementation of activities for children in the OCC preschool.

COURSE OUTLINE/CALENDAR (Term 1 or 3)

Scott Community College ECE 133 Child Health, Safety, and Nutrition:

For the following chapters from Health, Safety, and Nutrition for the Young Child, students will read and take individual and group notes, copy terms, participate in class discussions, do case study questions and chapter reviews:

Chapter 1: Interrelationship of Health, Safety, and Nutrition
Chapter 2: Promoting Good Health
Chapter 3: Health Appraisals
Chapter 4: Health Assessment Tools
Chapter 5: Conditions Affecting Children’s Health
Chapter 6: The Infectious Process and Effective Control
