Dear Parents/Guardians,

    Adams Elementary School strives to provide opportunities for everyone to be Lifelong Learners. This year, our students are accessing many online programs that will help them develop the skills needed to be successful in the 21st century. They will be using these programs during the school day. They can also access them wherever there is an Internet connection. Below you can find the instructions and links to several of the programs used daily at school. If you have any questions, please contact your student's teacher or Mrs. Walton.

All of the program websites that students use can be reached by using the Adams Library Symbaloo. In your Internet browser address bar, type in www.davenportschools.org/destiny - it will take you to a page that looks like this.

Click on Adams Elementary School.

Once on the Adams Library homepage, you and your student have access to versions of the programs that they are using at school. The Adams Library Symbaloo contains links to Lexia, ST Math, Mackin VIA, Epic and many other resources provided by the District and the Iowa AEA. Usernames and passwords are required for some of the links.

Continue reading for more information about usernames and passwords.

Adams Library Homepage

Usernames and Passwords:

Lexia & ST Math are accessible through Clever using their school Google accounts. See below for explanation.

Scholastic Resources (Book Flix, True Flix, Science Flix, and Freedom Flix), Culturegrams, iClipart, and Soundzabound
Email Mrs. Walton for the username and password.

MackinVia = Student needs to choose Adams Elementary, Davenport, IA and log in using their Google G Suite for Education log in. See next item for explanation..

Google G Suite for Education (School Google Account)
username = initials and student ID number@students.davenport.k12.ia.us
(ex.jw123456@students.davenport.k12.ia.us),
password = four letters and four numbers (varies by student)

Epic! = Each classroom has their own code. Please contact your student's teacher if you need the class code.

Apps for some of these programs can be downloaded from iTunes or Google Play store. Availability depends on the type of device.

If you have any questions, email Mrs. Walton - waltonj@davenportschools.org
