PROGRAM

*established in 2006-2007*

Supporting and assisting parents in their chosen role as the primary educator of their children.

# WHAT IS HSAP?

HSAP is an option for home school parents. **It is our mission to support and assist parents in their chosen role as the primary educator of their students.** We recognize the parent's responsibility for setting the educational goals and selecting the curriculum, materials, and techniques to be utilized for their child or children.

Each family enrolling In HSAP will be assigned a certified teacher to provide assistance and guidance.

HSAP students have the opportunity to be dual enrolled for some public school courses and/or activities if they wish.

# PURPOSE

The HSAP supervising teacher is available for the following:

- Helping parents to establish educational goals and objectives
- Providing textbooks and learning techniques
- Assisting in developing lesson plans or curriculum
- Making available educational websites for learning
- Other areas mutually agreed upon

**Communication between supervising teacher and families include emails, texts, phone calls, face to face meetings, newsletters, zoom, and face time**

# ACTIVITIES

**Free learning activities are available throughout the year.**
