

# Davenport HSAP

## Davenport Home School Assistance Program

- **What is the Davenport HSAP? Why should you join?**

HSAP is an option for home school parents. It is our mission to support and assist parents in their chosen role as the primary educator of their students. We recognize the parent's responsibility for setting the educational goals and selecting the curriculum, materials, and techniques to be utilized for their child or children. At no cost, each family enrolling in HSAP is assigned to a certified teacher to provide assistance and guidance. Students in HSAP have the opportunity to dual enroll in Davenport public school courses and/or activities.

- **HSAP** provides textbooks and access to district curriculum while assisting with lesson plans, curriculum, learning techniques, goals and objectives.
- **Communications** with the families are by emails, texts, phone calls, face-to-face meetings, newsletters, zoom, face time, and during educational activities.
- **Free monthly educational classes and activities** are planned for HSAP members. **Examples of activities** are: ice skating, foot golf, the Wapsi Environmental Center, youth orchestra concerts, show choir concerts, plays, the German Heritage House, Wild Cat Den, tour of the water company and visits to a turkey farm, dairy farm and pumpkin patch. **Examples of classes are:** Figge art classes, Putnam movies, classes and exhibits, Quad City Botanical Center science classes, writing classes, Children's Literature Festival, art classes at JBYOC, and science classes at Nahant Marsh. We are always looking for new and beneficial classes and ideas for activities.
- **An HSAP enrollment form /CPI Form A** will be provided for each student. It should be filled out and returned to the Davenport Home School Office by September 1st. Be sure to answer question #10 concerning HSAP.
